Please provide a sentence which gives your overall impression of your international visit	It was a very good time that helped me to improve my teaching skills and discuss some good research ideas in the field of complex networked systems.
What was the best thing about your experience?	Meetings with other researchers and active involvement of students during the discussions.
How has this overseas experience benefited you in terms of your future professional development?	I will be able to improve my track record as we are going to apply for external grants with colleagues from Poland
If you had the chance would you return to this country / city?	Yes
Would you recommend your experience to other staff?	Yes
What are the top 5 best things about the country / city that you visited?	<ul style="list-style-type: none"> - Nice and very friendly people - Many interesting places to visit in Wroclaw - Very good film and music festivals - Wonderful weather in Wroclaw - Very good level of research -
Which places of interest would you recommend other staff?	Wroclaw city centre, Sobotka mountain near Wroclaw, Ostro Tumski in Wroclaw
What was the shopping like? Was it easy to buy the type of food you liked? Can you name a supermarket you'd recommend?	Yes as I am Polish ☺ but in the city centre most of people in supermarkets speak English. The best place to do the shopping are small shops where you can buy many different, local specialities.
