Brief Summary of Purpose of visit	My purpose was to experience a different cultural teaching environment and to see what academic life is like in Sweden.
Please provide a sentence which gives your overall impression of your international visit	Sweden, and Dalarna University in particular, are excellent places to visit, with a high quality of life and friendly people.
What was the best thing about your experience?	The main meal of the day is lunch! An excellent opportunity for staff to network and converse.
How has this overseas experience benefited you in terms of your future professional development?	It has given me insight into a cross-cultural working environment, with lessons and advice that I can take back to my home institution.
If you had the chance would you return to this country / city?	Yes!
Would you recommend your experience to other staff?	Yes!
What are the top 5 best things about the country / city that you visited?	<ol style="list-style-type: none"> <li>1) Friendly people</li> <li>2) High standard of living</li> <li>3) Lots of space and trees</li> <li>4) Great food</li> <li>5) More trees!</li> </ol>
Which places of interest would you recommend other staff?	I'd recommend walking in the forest and spending time with the staff – they are lovely people.
What was the shopping like? Was it easy to buy the type of food you liked? Can you name a supermarket you'd recommend?	Can't remember the name of the supermarket, but the quality of the food was miles ahead of the UK.
