every week

**Newborn feeding clinic for
mothers and their babies**

**AECC
University College**

Is breastfeeding difficult for you or your baby?

Do you have problems latching your baby to the breast?

Do you find breastfeeding painful?

Does your baby fuss at the breast?

Are you worried about your baby's weight?

Is feeding more difficult on one side?

If so, then this is the clinic for you and your baby!

This teaching clinic brings together chiropractic and midwifery students, under the supervision of qualified practitioners, to support you and your baby to breastfeed successfully.
