

# Clinical Supervision - Making it Work

This is an opportunity for health care professionals to complete a short course of CPD to gain insight into the process of Clinical Supervision and the skills required to effectively facilitate this vital component of professional practice.

Through a mixture of taught components, discussion groups and practical workshops the course will encourage participants to consider the implications of Clinical Supervision and practice using the associated skills in a safe and supportive environment.

**You will:**

- Discuss the nature of Clinical Supervision and its benefits to professional practice
- Consider the skills required for effective Clinical Supervision
- Enhance your competence in analysing and advancing practice
- Undertake Clinical Supervision in a safe and supportive environment
- Consider how to implement Clinical Supervision in your place of work

**Dates:** Cohort c: 19, 20, 21 January 2010 at Manor Hotel, Hendford,  
Yeovil, BA20 1TG

Cohort d: 16, 17, 18 February 2010 at UCY, 91 Preston Road,  
Yeovil, BA20 2DN

Cohort e: 16, 17, 18 March 2010 at Manor Hotel (as above)

**Time:** 10 am to 4pm

**To Book:** Contact your Education Lead
