

# Examination of the newborn: an update for healthcare professionals

**Wednesday 8 July 2009, 9am – 4pm**

Bournemouth University is hosting a study day for professionals specialising in the field of examination of the newborn. This day provides an excellent opportunity to refresh your knowledge and discuss/ explore practice issues and relevant research with invited speakers and colleagues from the region.

Delivered at:

Bournemouth University  
Lansdowne Campus  
Mary Wollstonecraft Lecture Theatre  
Bournemouth House  
Christchurch Road  
Bournemouth, BH1 3LH

# Course Details

## Who is it for?

This study day is for midwives, nurses and other healthcare professionals specialising in newborn examinations who want to advance their professional development in this area. This day is focused on providing you with the latest evidence-based knowledge and practice to aid your clinical skills and understanding. Your learning will involve talks from informed and experienced practitioners, advice and guidance and some practical hands-on elements.

## Common to the conference will be:

- Self-regulation
- Newborn conditions that may require surgery
- Local case study
- Recognising potential genetic disease in newborns
- Developmental dysplasia of the hips
- Revision of the cardiovascular assessment in the newborn
- And more...

## Speakers include:

- **Professor Paul Lewis**, Bournemouth University
- **Melanie Drewitt**, Clinical Nurse Specialist in Neonatal Surgery, Southampton NHS Trust
- **Pip Clark**, Lecturer Practitioner, Bournemouth University / Royal Bournemouth Hospital
- **Karen Robinson**, Head of Physiotherapy, Salisbury NHS Foundation Trust
- Representative from the **Genetics Department, Southampton NHS Trust**
- Ambassador from the **charity, Face to Face**.

## Cost

The cost is £50.00 per place, and includes a light lunch and refreshments. Places will be allocated on a first come, first served basis.

## What will I get out of it?

- An understanding of recent developments in practice and research
- An opportunity to refresh skills and awareness
- Understanding of how Bournemouth University and practice partners are educating/ conducting newborn examinations
- An opportunity to identify specific learning for integration within your professional portfolio in line with the NHS KSF
- This course can be integrated within your professional portfolio for continuing professional development.
