

Examination of the Newborn: An update for midwives

Study Day

Wednesday 7th November 2007 9am – 4pm

Bournemouth University are hosting a study day for those specialising in the field of examination of the newborn. The study day will include assessment of hips, heart, eyes and a review of genetics. This day provides an excellent opportunity to refresh your knowledge, practice and techniques.

Speakers:

Suzanne Cunningham – Consultant Midwife

Dr. A. Denning – Consultant Ophthalmologist

Carole Ingham – Advanced Neonatal Nurse Practitioner

Patricia Finnemore – Principle Genetics Nurse Counsellor

Colin Paterson – Lecturer Practitioner Physiotherapy
