2. ADDING VERSIONS TO BURO

Before adding a version you should have done two things:

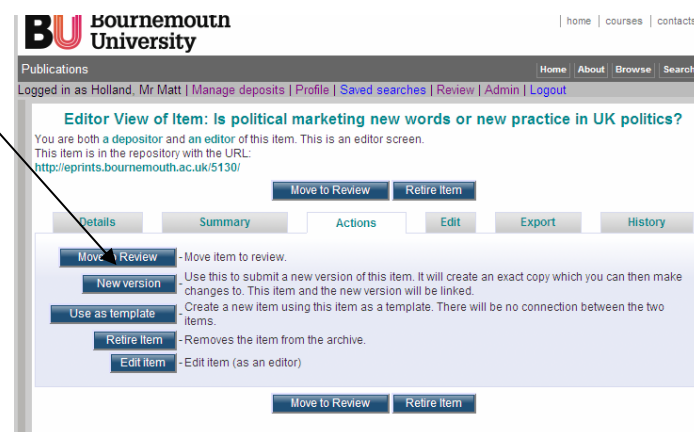

- read the BURO Versions Policy [<http://eprints.bournemouth.ac.uk/5129/>];
- have already added an earlier version of the item on BURO. If the record or item was added centrally by a BURO Editor, they will have to add new versions. Contact mholland@bournemouth.ac.uk.

To add a new version

- Search for the original version
- Select **edit this item**
- Select **Actions** Tab from the top menu

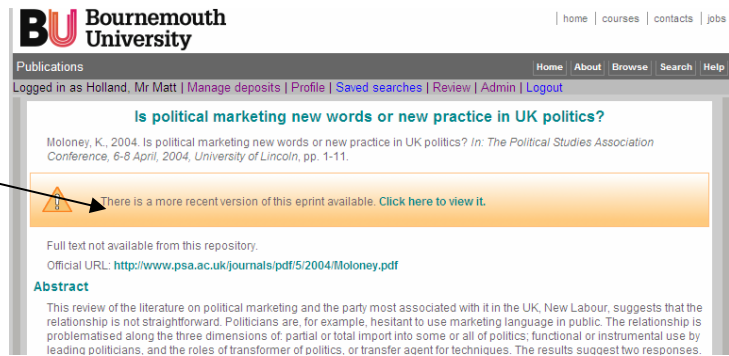

- Click **New Version**

- Complete the compulsory fields and as many of the other fields as possible
- Please complete the **Additional Information** field with a textual description of history of this version and its relation to earlier versions.

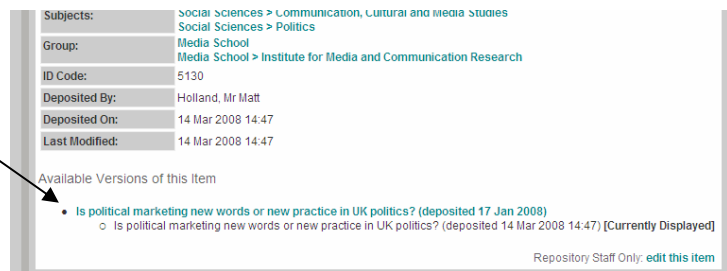

3. HOW BURO HANDLES VERSIONS

BURO creates links between versions. If a user accesses an earlier version they are warned that a later version exists and given the opportunity to click through to it.

The screenshot shows the Bournemouth University BURO interface. At the top, there is a navigation bar with links for 'home', 'courses', 'contacts', and 'jobs'. Below this is a 'Publications' header with a sub-header 'Logged in as Holland, Mr Matt' and links for 'Manage deposits', 'Profile', 'Saved searches', 'Review', 'Admin', and 'Logout'. The main content area displays the title 'Is political marketing new words or new practice in UK politics?' and the author 'Moloney, K., 2004'. Below the title, there is a yellow warning box with a triangle icon and the text: 'There is a more recent version of this eprint available. Click here to view it.' Below the warning box, there is a link to the full text: 'Full text not available from this repository. Official URL: <http://www.psa.ac.uk/journals/pdf/5/2004/Moloney.pdf>'. An arrow points from the text on the left to the warning box.

If a user accesses the latest version, the existence of an earlier version is signalled with an opportunity to click back to it.

The screenshot shows the 'Available Versions of this item' section of the BURO interface. It lists the following metadata: 'Subjects: Social Sciences > Communication, Cultural and Media Studies; Social Sciences > Politics'; 'Group: Media School; Media School > Institute for Media and Communication Research'; 'ID Code: 5130'; 'Deposited By: Holland, Mr Matt'; 'Deposited On: 14 Mar 2008 14:47'; and 'Last Modified: 14 Mar 2008 14:47'. Below the metadata, there is a section titled 'Available Versions of this item' which lists two versions: 'Is political marketing new words or new practice in UK politics? (deposited 17 Jan 2008)' and 'Is political marketing new words or new practice in UK politics? (deposited 14 Mar 2008 14:47) [Currently Displayed]'. An arrow points from the text on the left to the 'Available Versions of this item' section.
