

## Hints and Tips for quick navigation of PressDisplay

---

This site shows full facsimile of national and international newspapers covering the most recent three months

You can – Browse – Search – Translate – or even Listen to the news!

### Browsing –

From home page either

select a title from the menu on the left [by country] or  
pull down **Select Title** button from header bar  
**current issue** will appear.

To use page turning facility – click on page corners

Click on page to zoom in – then click and drag

Use arrows on bottom tool bar for next/previous page

Click on article headline to open in text view

From text view of article you have the option of printing/sharing/translating/listening

For **previous issues** click on **Calendar** on header bar for date of issue required

### Searching –

To search for a particular topic in the publication you are currently browsing –

Enter search term[s] in **Search** box

Pull down **Search** button and select **Advanced Search**

Enter search terms – choose publications – choose time span

A search will produce an article in text view giving the option of sharing/translating/listening.

### Listening

To listen to a sound version of an article without searching for article first –

Click on **Interactive Radio** button – bottom of left menu

Click on **Country** in left hand menu

Click on corresponding **url** for publication required

**Windows Media Player** will open

Article required can be selected from list

### Other features on home page

Flag button – language options for navigation

RSS Feed button – bottom left hand menu

HOME button – top of any page next to Search box

For further details – click on **Library Press Display Demo** – top left menu
