

Simplified sign-on to e-resources

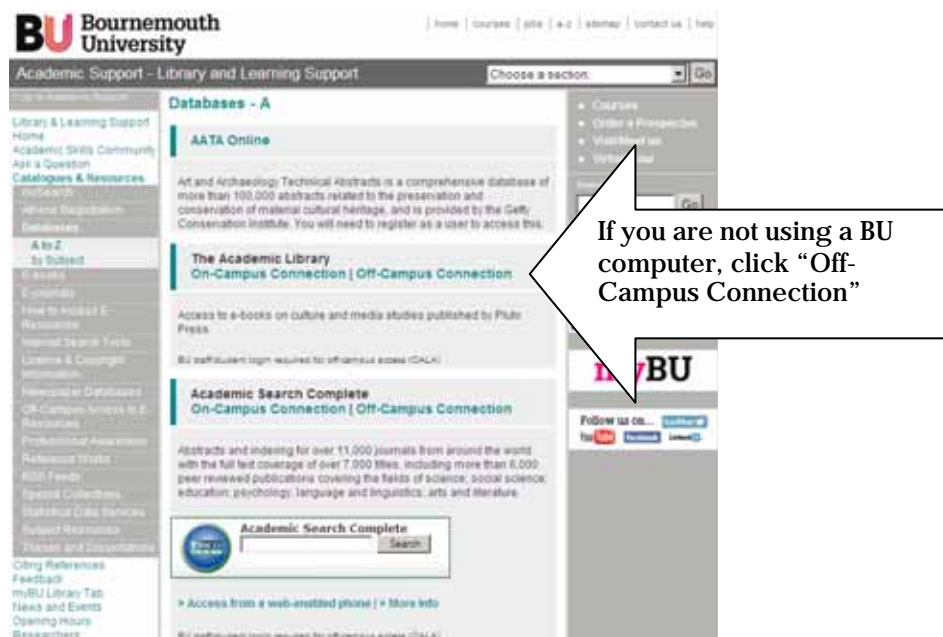

From Sept 2011, a simpler process for logging into Library e-resources has been introduced. It is **no longer necessary to create an Athens account** to access BU e-resources from off-campus.

In most cases (NB), to access e-resources from off-campus, you will be required to login via the **BU E-resources login page**, using your Bournemouth University username and password (the same as you use to login to university computers or myBU)

Ensure that you have selected the correct domain (staff or student) and enter your **Bournemouth University username and password**.

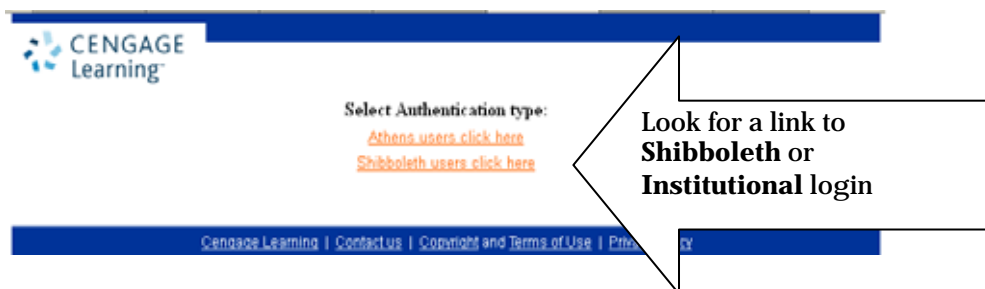

In most cases, you can access the BU E-resources login page simply by selecting the **Off-Campus Connection** link from the library web pages (see below example).

Simplified sign-on to e-resources

In other cases you may need to navigate to the BU E-resources login page. You may be required to follow some or all of these steps:

- Look for a link to **Institutional** or **Shibboleth** login. For example:

- Enter your country or region or select UK Access Management Federation. For example:

- Enter your institution (Bournemouth University) or select it from a list. For example:

You will then be directed to the BU E-resources login page where you will need to enter your **Bournemouth University username and password**

NB: a minority of resources have separate usernames and passwords. These can be found on the library tab of myBU under "**Library e-resources usernames**".
