The Professional Awareness webpages (accessible via the 'Further Information' section on myBU Library tab) provide links to professional associations and associated publications which will support your learning.

Many of the associations and publications include job vacancies, blogs, alerting services (via RSS feeds and e-newsletters for example) and details of other organisations.

Referencing:

Access the Library's BU Guide to Citation in the Harvard Style via the 'Databases' link on the myBU Academic Skills tab. Referencing is a way of demonstrating that you have read around your subject. Each time you use someone else's ideas or words it is essential that you acknowledge this in your work by citing the source in your text and having a reference/bibliography list at the end of your work.

Citing your references enables the reader to refer to the original source themselves. This reduces the risk of your being accused of plagiarism - the act of presenting the ideas or discoveries of someone else as your own. More information is available on the myBU Academic Skills tab.
