## 5 pm onwards

A beer festival is a lively and enjoyable event that is a celebration of the art, craft, and culture of brewing. At an English beer festival, you can expect to find a wide selection of different types of beer (ales) available for tasting. Whether you're a beer connoisseur or even someone who doesn't drink beer (other options are available!), attending a beer festival can be a fun and immersive leisure experience.

The LSA beer festival places an emphasis on sampling a wide range of beer styles, exploring new flavours, socialising with fellow conference delegates, and soaking up a festive atmosphere. It's a chance to enjoy a memorable time with friends or fellow visitors from around the world.

**Join us at 5pm on Tuesday for the LSA 2023 Beer Festival at [Poole Hill Brewery](#), and sample the award-winning local ales of Southbourne Ales and Tingay's.**

Poole Hill Brewery is located near Bournemouth Town Centre in a fully renovated 1880's property, formerly the last remaining electrophone service in the country. After sitting dormant for 20 years, it became Poole Hill Brewery, and while inside you'll find a 20-barrel brewery plant transforming this once neglected property into a beer lovers' paradise.

Thanks to crowdfunding, head brewer Jennier Tingay (formally of Ringwood Brewery) now uses the space to brew and showcase her range of fantastic local ales. **The range is made up of high-quality beers with everything from light ale to oatmeal stout.**
