

Questions to ask when....

A student is uncertain what placement roles to apply for

- What do you want to get out of your placement year?
- What do you think you are good at?
- In what type of job could you use your strengths and Interests?
- What do you like doing outside of university?
- What research have you undertaken so far to help you decide on possible placements and what have you discovered?
- In what way if any, has this helped to narrow down your options? Where else might you find information to help you make a decision? Anywhere else?
- Rate on a scale of 1-10 the importance of the role, the company and the location
- Considering all of this information, what might be your first step?
- On a scale of one to ten, how committed are you to taking this action?
- When do you want to achieve it by?
