Global Mindset Masterclass

What is a Global Mindset and how does it differentiate successful individuals?

- Self reflect on your own **global outlook**.
- Practice **growth mindset**.
- Explore the **UN Sustainable development goals** and how to apply them to your own life and career

Global Mindset in the Workplace

Why is a Global Mindset key in the context of globalisation and technological disruption?

- Learn about hidden **culture and cultural behaviours**.
- Uncover **global mindset attributes** to apply in the workplace.
- Apply your **knowledge** about cultures to **challenging workplace situations**.

Global Heartset Masterclass

What is Global Heartset and how does it create real life and business value?

- Recognise yours and others' **emotional reactions and body language**.
- Boost your **communication and collaboration** skills.
- Explore your values in relation to **global issues facing our world today**.

Global Heartset in the Workplace

How does a Global Heartset help you embrace diversity and adapt to a complex environment of social change and inequality?

- Apply Global Heartset to relate to people from diverse backgrounds and engage with **global and local communities and partners**.
- Reflect on your own **values** and how they can be **mapped to your career**.
- Start shaping your **career with a purpose**.

Global Skillset Masterclass

What are the key skills that global employers are looking for?

- In a competitive world of work, you need a **unique package of skills and experiences** to make you unique.
- Build an understanding of the **current graduate labour market** and the **skills gaps** that employers are looking for.
- Find out how to articulate your **transferable skills** for your chosen field in order to **differentiate yourself** to employers.

Global Employability

How can you demonstrate your Global Skillset in a competitive selection process?

- Hear from global employers about the stages to their application process.
- Apply techniques to critically **reflect and express** your Global Skillset and attributes.
- Identify **career opportunities and strategies** to land your dream job.

Global Talent in Action

What does a Global Citizen, Collaborative Player and a Skilled Practitioner look like in practice?

- Put your **Global Mindset, Heartset and Skillset to work** by applying your creativity, digital literacy, project management and critical thinking to real life problems.

Global Project Lab

How do you go about solving a global issue linked to the UN Sustainable Development Goals?

- Over these two sessions, experience project management in a diverse team.
- Address a global challenge.
- Practice pitching your solutions in front of a panel of professional assessors.
