

How to view the film

For Non-VR Headset Users

You can watch the video on your mobile, tablet, or desktop with ease. Follow the steps below to begin your journey:

1. On Your Mobile Device:

- Tap the "Play Video" button on our webpage or access via the following weblink:
<https://www.youtube.com/watch?v=qDJqhyyMWPU>.
- Drag your finger across the screen or tilt your phone to explore the 360° environment.

2. On Your Desktop:

- Tap the "Play Video" button on our webpage or access via the following weblink:
<https://www.youtube.com/watch?v=qDJqhyyMWPU>.
- Use your mouse to click and drag the video to explore the surroundings.

3. Better Experience with the YouTube App:

- Tap the "Open in YouTube App" button on the video player.
- Use the app's full-screen and gyroscope features for a more immersive experience.

For VR Headset Users

Experience the video in full immersion with your VR headset. Follow these simple steps:

1. Using the YouTube VR App:

- Open the YouTube VR app from the main menu of your headset.
- Search for the video by name: **"Insight Dementia - Going into Hospital - 241"**.
- Select the video and ensure you activate "360° Mode."

2. Using the Browser in Your VR Headset: (it is recommended to use the YouTube App)

- Launch the browser on your VR headset.
- Enter the following URL: <https://www.youtube.com/watch?v=qDJqhyyMWPU>.
- Play the video directly in the browser, or open it in the YouTube VR app for a richer experience.

3. Optional: Scan the QR Code with Your Headset:

- Use your VR headset's scanning functionality (if supported) to scan the QR code below and go directly to the video:
