Traineeship Details

Bournemouth University's Department of Social Sciences & Social Work (including several criminology, sociology, and social work programmes and led by the BA (hons) programme in Sociology and Social Anthropology) has a long-standing partnership with the University of Pristina (UP). BU has previously sent

Social Science students to Kosovo to undertake work experience opportunities within a range of civil society organisations or at UP and within the Programme of Gender Research and Studies.

This summer, BU students from Levels 5 to 8 within programmes of study in the fields of Social Sciences and the Humanities can spend a month in Kosovo. Students will undertake a two-week work experience placement in the UP International Relations Office, supporting a variety of tasks to prepare for the annual UP international summer school. Students will then receive a free place at summer school, participating in a wide range of academic and cultural activities with international faculty and students from around the world.

Students taking part will:

- Gain valuable international experience by participating in summer school activities and through networking with academics and students from Europe and around the world
- Gain knowledge and understanding about Kosovo's history, politics and culture
- Gain knowledge of the workings of a university International Relations Office
- Gain increased cultural awareness and sensitivity through working in a new, international environment

Costs, Travel and Accommodation

Students will need to cover their travel expenses and their living expenses for the duration of their stay in Kosovo. There are regular flights between the UK and Kosovo, and Prishtina is a short distance from the airport.

The summer school will be free of charge and includes accommodation and all learning and cultural activities. During the work experience in the International Relations Office, students will need to arrange their own accommodation, travel and food.

Turing Scheme funds are provided as a contribution towards these costs.

Who is eligible?

BU students from Levels 5 to 8 within programmes of study in the fields of Social Sciences and the Humanities are eligible for this opportunity.

All successful students will receive a cost-of-living grant.

What will the Turing Scheme funding cover?

Turing Scheme funding provides grants to support students with **specific costs** related to undertaking their traineeship. The amount of the grant is determined by the length of the mobility and the destination country where the work is being undertaken. The sections below outline standard funding and funding for students from disadvantaged backgrounds.

Please note that the funding provided through the Turing Scheme is intended **as a contribution towards** the overall costs of undertaking this mobility. It is **NOT INTENDED to cover the entire costs incurred**.

You will receive an initial payment of 90% of funds upfront. After your activity is complete, you will be asked to complete a feedback survey and submit a blog. The remaining 10% will be paid after these requirements have been met.

1. Funding for Students from non-disadvantaged backgrounds

This funding consists of a cost-of-living grant.

Cost of Living Grant

To calculate the cost-of-living grant, destination countries are divided into two groups based on the cost of living in each country (<https://www.gov.uk/government/publications/turing-scheme-international-study-and-work-placements/list-of-destinations-and-grant-rates>). There is no travel grant for students who are not from disadvantaged backgrounds.

1. For activities in **Group 1** countries/territories, the grants are calculated as follows:
 - a. £19 per day for activities from 28-56 days in duration
 - b. £14 per day for activities from 57-365 days in duration
2. For activities in **Group 2 or 3** countries/territories, the grants are calculated as follows:
 - a. £17 per day for activities from 28-56 days in duration
 - b. £12 per day for activities from 57-365 days in duration.

Example Grant calculation for students from non-disadvantaged backgrounds

Traineeship Location	Traineeship Dates and Duration (exact dates TBC)	Calculation	Total Grant
Kosovo (Group 2 Country)	20 June – 18 July 2025 29 days	£17 x 29 days	£493

2. Funding for Students from disadvantaged backgrounds

This funding consists of a cost-of-living grant, a cost-of-living uplift, and a travel grant. Additional funding is available as outlined below for other costs related to undertaking a mobility.

Cost of Living Grant

To calculate the cost-of-living grant, destination countries are divided into two groups based on the cost of living in each country (<https://www.gov.uk/government/publications/turing-scheme-international-study-and-work-placements/list-of-destinations-and-grant-rates>).

1. For activities in **Group 1** countries/territories, the grants are calculated as follows:
 - a. £23 per day for activities from 28-56 days in duration
 - b. £18 per day for activities from 57-365 days in duration
2. For activities in **Group 2 or 3** countries/territories, the grants are calculated as follows:
 - a. £21 per day for activities from 28-56 days in duration
 - b. £16 per day for activities from 57-365 days in duration.

Travel Grant

Travel grants are **up to a maximum amount** which is calculated based on the destination country. Rates for each country can be found here: <https://www.gov.uk/government/publications/turing-scheme-international-study-and-work-placements/list-of-destinations-and-grant-rates>

Actual travel grants are paid based on actual travel spend. Students will be required to submit evidence of their travel expenses. Travel expenses refer to airfare for one return journey to/from the destination country. Commuting costs in country are NOT covered. Travel grants can only cover economy travel and will not cover any upgrades.

Where the actual cost of travel is less than the maximum allowed for the destination country, the difference will be subtracted from the final grant payment or invoiced to the student for repayment if needed.

Supplemental travel funding may be available to cover real travel cost for exceptionally expensive travel.

Other Funding

- Funding may be available to offset real costs related to:
- Passport costs
- Visa costs (this can include reasonable associated costs like translated documents and police certificates)
- Vaccines
- Travel Insurance
- Medical Certificates

- Actual costs for support directly related to **additional learning needs**. Receipts are required for these costs to be covered.

Example Grant calculations for students from disadvantaged backgrounds

Traineeship Location	Traineeship Duration	Calculation	Total Grant
Kosovo (Group 2 Country)	20 June – 18 July, 2025 29 days	(£21 x 29 days = £609) + up to £325 travel grant	Up to £934

Travel Information

Entry Requirements

You must have a valid passport with at least six months remaining from the date of your return departure to the UK. If you are a student from a disadvantaged background, you can get financial support to obtain and renew a passport. Please factor this into the timescales of your planned travel.

Visa Requirements

Applicants will be responsible to research whether they will need a visa to enter Kosovo and how long it will take to obtain a visa. Costs associated with visa requirements are covered for students from disadvantaged backgrounds.

Immunisations (if applicable)

Please refer to the NHS guidelines regarding immunisations: [Travel vaccinations - NHS \(www.nhs.uk\)](https://www.nhs.uk)
You will need to book immunisations through your local GP at your own cost. Costs associated with requirement immunisations are covered for students from disadvantaged backgrounds.

Insurance

BU will provide comprehensive Travel Cover for the duration of the overseas trip.

Applicants are responsible for researching the types of insurance they are required to carry for Kosovo which may require specific medical insurance to meet visa conditions (ex: to obtain the relevant visa for a traineeship in the USA, you must hold insurance with \$100,00 or medical benefits, \$25,000 for repatriation of remains, \$50,000 for medical evacuation, and \$500 deductible for accident or illness).

For travel to Kosovo, you could apply for a UK Global Health Insurance Card (GHIC) or use an existing UK European Health Insurance Card (EHIC) if it is still valid.

Please refer to the NHS guidelines regarding the UK GHIC/EHIC:

<https://www.nhs.uk/using-the-nhs/healthcare-abroad/apply-for-a-free-uk-global-health-insurance-card-ghic/>

Covid-19 Requirements

Applicants will be responsible to check the Covid-19 entry requirements to Kosovo.

Please refer to the FCDO advice about entry requirements and Covid-19 regulations:

<https://www.gov.uk/foreign-travel-advice>

Successful applicants will receive further information regarding Covid-19 considerations and travel guidance once they are officially accepted onto the programme.

Covid-19 Travel Implications

- There could be sudden changes that affect your travel plans, including changes to border control advice which may prevent travel and changes to quarantine and/or testing requirements in Kosovo or when re-entering the UK.
- **BU MUST approve travel before you depart.** Your travel plans should be in line with UK Foreign Correspondence and Development Office advice. Travel approval will be made on a case-by-case basis

within two weeks of the start of the traineeship and, where travel is not possible, you may be able to start work remotely, depending on your host organisations requirements.
