The aim of the admissions process is to select students who have the ability and motivation to benefit from the programmes they intend to follow and who will make a contribution to the life of the University

The process takes place within the context of the University's Equal Opportunities policy which expresses the University's commitment to a comprehensive policy of equal opportunities for students in which individuals are selected and treated on the basis of their relevant merits and abilities and are given equal opportunities within the University. The aim of the policy is to ensure that no prospective student or enrolled student should receive less favourable treatment on any grounds which are not relevant to academic ability or attainment.

It is, however, important that these aims are achieved without prejudice to the safety and well being of other members of the University community.

You are asked to state whether or not you have any relevant criminal convictions. Relevant criminal convictions are only those convictions for offences against the person, whether of a violent or sexual nature, and convictions for offences involving unlawfully supplying controlled drugs or substances where the conviction concerns commercial drug dealing or trafficking. Convictions that are spent (as defined by the Rehabilitation of Offenders Act 1974) are not considered to be relevant and you should not reveal them

You must enter **x** in the box if either of the following statements applies to you

- I have a relevant criminal conviction that is not spent
- I am serving a prison sentence for a relevant criminal conviction
- I am currently undergoing investigation by my Professional Council
- I am working under conditions of practice from my professional council

If you enter **x** in the box you will not be automatically excluded from the application process. However, we will want to consider your application further and may require further information before making a decision.

I confirm that whether submitting this application form electronically or on paper, the information given in my application form is true, complete and accurate, and that no information requested or other material information has been omitted. I undertake to be bound by all the rules and by-laws in force under the Articles of Government of the University. I accept that, if I do not comply with these requirements, the University may cancel my application and any subsequent offer and I shall have no claim against the University in relation thereto.

Data Protection Act 2018 I agree to Bournemouth University processing personal data contained in this form, or other data which the institution may obtain from me or other people, whilst I am an applicant. I agree that information received by the institution will be stored in hard copy and in a central computer database, and that it will be used for internal University administrative and management purposes and for those purposes registered with the Information Commissioner.
