WHAT OUR STUDENTS AND GRADUATES SAY

I really enjoyed my course and the experienced lecturers helped me to get the most out of it. We studied very interesting topics and worked on real-life projects that have helped me to improve my personal and professional skills. During my placement year I worked as a Marketing Assistant at Stella McCartney in London.

Laura Blanco Toro

I enjoy how practical the course is and the facilities are really good, especially the lab in Christchurch House; it is very well equipped and the staff are well prepared and helpful.
