

You may be familiar with using OPAL1, the first generation of the online portfolio used by students to record their practice assessment.

The 'Future Nurse' Programme commenced in September 2020. The assessment criteria and process are significantly altered, requiring the introduction of OPAL 2. Key differences are:

- The portfolio is 'driven' by the student
- Practice is no longer graded but is achieved/ not achieved
- Practice Supervisors are able to complete more of the assessment
- An 'at a glance' dashboard to help you monitor progress

This 1-hour session will provide:

- An overview of the OPAL 2 portfolio
- Clarify the roles of the Practice Supervisor and Practice Assessor in completing OPAL
- An opportunity to clarify any queries in regard to student supervision and assessment

To access the update, you will need to access via the online link in the table below.

No need to book, we look forward to seeing you.
