## The Orange Zone

### Start at Bournemouth House reception (BH1 3LH)

Welcome to Bournemouth University's Lansdowne Campus. The Lansdowne Campus is a busy and bustling area, and is only a short walk away from Bournemouth town centre, our famous seaside and a ten minute bus ride away from Talbot Campus.

We hope this self-guided tour helps you find your way around. However, if you have any questions or queries please feel free to ask any of our staff or students.

Bournemouth House

### Bournemouth House

Bournemouth House is one of our main areas for teaching our Health and Social Care courses, and also houses a library.

➔ Please start your tour at reception, look right and enter the Boho Lounge.

The Boho Lounge is an area where students can work in groups or private study in a more informal, relaxed environment. Students can also enjoy their lunch here and meet friends, in a friendly, welcoming space.

➔ Walk through the Boho Lounge and take the exit to the left and enter into the corridor.

As you walk through this corridor you can see our Biological Sciences laboratories, used mainly by our Nutrition and Clinical Exercise Science students.

➔ At the end of the corridor, turn left and follow the signs back to reception.

On the right, you will see our Students' Union services comprising of a shop, Café and Students' Union Advice Centre.

## The Orange Zone

### Students' Union

The Students' Union is run by students for students; they ensure that students get the best possible experience during their time at university.

They also help run hundreds of different clubs and societies which you can join while at university, ranging from the Amnesty International Society to Ultimate Frisbee Club to ensure there is something for everyone.

The SUBU shop sells a variety of student essentials like food and drink, phone cards and stationery. Every penny that is spent in the shop goes back into the students' experience so we can offer students more for free!

SUBU advice centre is located to the right-hand side of the student shop.

**Opening times are 9.30am-2pm, closed on Wednesdays and weekends.** They offer completely independent advice from the university so can be accessed for anything from issues with landlords, problems on placements to academic offences and it's free!

➔ Go up to the first floor using the stairs or the lift (located to the left of the reception desk)

Bournemouth House Library (located on the right if you took the stairs, left if you took the lift) contains books, journals and access to e-resources relevant to your course of study. It also houses open access computers, technoboosts, rooms for group study, photocopying and printing facilities.

### askBU Students Services team

Situated at the front desk of the library this team provides advice on finance, funding, accommodation or timetabling for current students. They can also put you in touch with the Additional Learning Needs advisors.

BU's confidential counselling service and the chaplaincy are also housed in the library.

➔ Go out of the library and opposite you will find the student hub area.

This is where students have access to placement advisers, collect or drop off assignments, or talk to admin staff about bursary queries, travel claim sheets and course queries.

The next building to visit is Studland House.

➔ To get there; leave Bournemouth House the way you came in. Cross the road using the pedestrian crossing and turn left. Studland House is on your right opposite the Bingo building.

## The Blue Zone

Studland House Café

### Studland House (BH1 3NA)

As you enter you can see another café area, where students and staff can enjoy some relaxation time between work and studying. Students also use this space to meet informally and discuss group projects and assignments.

Walk behind the reception area, and either take the stairs or the lift to the first floor.

On the first floor is the Open Access area for the [Lansdowne Campus](#). This is where students can access computers 24 hours a day, 7 days a week and is available for both undergraduate and postgraduate students, no matter what course they are studying.

This building houses our [nursing](#), [midwifery](#), [occupational therapy](#), [operating department practice](#) and [physiotherapy clinical simulation laboratories](#). We have 14 practice skills suites, all of which have equipment which mirrors what students will use in the workplace. They are equipped with specialist camera equipment so that students can be filmed in their practice sessions and can then review how they performed their tasks.

You are more than welcome to explore further floors; however you will find a lot of the rooms locked as they house expensive equipment such as electrical beds, AV recording systems, birthing beds and a birthing pool. If there are teaching sessions around physical examinations and assessments, the blinds to these rooms will be closed.

Head back down to reception, leave the building turning right. Walk down the pavement with the road on your left, until you reach Royal London House, the last BU building on the road.

## The Purple Zone

### Royal London House (BH1 3LT)

On the ground floor we have our askBU Enquiry Service, a one stop shop for future students and the community to have their questions about BU answered.

Feel free to pop in and meet the team, pick up a prospectus, book onto an Open Day or ask them any questions you have about our courses, accommodation or BU overall.

Royal London House is also home to many students on Post-Registration Nursing courses and staff offices. Students are supported throughout their studies by one-to-one appointments with their tutors.

Head out of the building and turn right around the corner, past KFC. Cross the road safely and take a right, then continue walking up the opposite side of the road (Holdenhurst Road). You will walk past the bus stops on your right and a florist on your left.

askBU Enquiry Service

## The Green Zone

### Executive Business Centre (BH8 8EB)

Keep walking up this road and you will come to the Executive Business Centre (EBC).

This building is home to the Business School's postgraduate students on all MSc, MA and LLM courses, and is where our MBA is delivered. It was a £5 million investment for BU, and one which we are extremely proud of. When you enter the building you will see a café on your right. Past this is our restaurant.

Please feel free to take a break at this point and perhaps try out our varied international menu.

Students studying in this building have access cards, which will allow them to come and go between 8am and 9pm. However, for security reasons, the upper floors of the building are closed to members of the public.

On the first floor of this building, students can gain access to the iFloor. The latest in library facilities, this area is a paper-lite work space which enables students to log on and access over 18,000 e-journals, 40,000 e-books, and a vast literature database.

There is also face-to-face librarian support and the ability for students to download books rather than borrowing a physical copy, ensuring we never run out of books!

Students also have access to technoboosts, modern study spaces that are specifically designed for interactive collaborative working.

Executive Business Centre

Our Graduate School is also housed on the first floor who support BU's postgraduate community.

The programme admin staff for our postgraduate courses within The Business School are based on the fourth floor and are available to answer our students' course related queries, Monday to Friday.

On the sixth floor we have our Executive Briefing Centre which includes a video conferencing centre and board room space. It is used to establish and sustain links with the business community through enterprise and collaborative projects.

The seventh floor is home to our MBA and Executive Education area and has flexible social spaces as well as lectures and seminar rooms.

These are equipped with plasma screens, networked PCs and interactive 'smartboard' technology.

## The Pink Zone

### Accommodation

When you exit the building look to your left. Across the main roundabout you will see a large Asda supermarket, conveniently located for all our students who live on this Campus.

A further two minute walk from Asda will bring you to our newest halls of residence, Dorchester House, a 540 room building with 68 studio flats. The flats are clustered into groups of three to seven, all with a large kitchen and living space.

When you leave the EBC, turn right and you will see a Tesco mini-supermarket. Above Tesco is another one of our halls of residence, Lyme Regis House.

This building houses 400 students, consisting of 10 self-contained studios and 390 rooms in five-bedroom cluster flats.

Lyme Regis House

Some of our accommodation is privately owned; in this instance the building is owned by Signpost homes, however all rooms are allocated by Bournemouth University Residential Services. Find out more about our accommodation service at

[www.bournemouth.ac.uk/accommodation](http://www.bournemouth.ac.uk/accommodation)

From the EBC take a right and walk down the road until you reach the roundabout. Here turn right and walk past the Post Office. Follow the pavement around to the right and keep walking until you reach the next roundabout.

Opposite you is another block of our accommodation called Chesil House (above the Cooperative supermarket). This building is one of our newest blocks of accommodation, with 210 bedrooms, including 24 self-contained studio apartments.

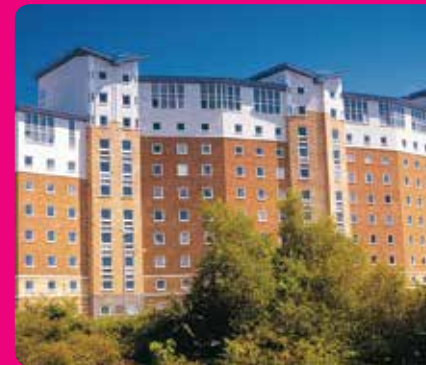

You can also see a bus stop just past Chesil House accommodation - students can catch a bus to Talbot Campus from here. The BU buses are available at least every 15 minutes during term time and cost £1.30 per journey, £10 for 10 trips £240 annual unlimited travel.

Find out more at [www.thebusforbu.co.uk](http://www.thebusforbu.co.uk)

## The Pink Zone

Opposite the bus stop is Cranborne House, a BU owned halls of residence that has recently undergone an extensive refurbishment. This halls has 497 rooms in cluster flats of six and seven.

At the roundabout carry on walking and you will pass Melbury House on your right. This building houses our Residential Services and our administrative staff. Just past Melbury House is another accommodation block, Purbeck House.

Cranborne House

Purbeck House has 518 rooms in cluster flats of five and six. All our halls of residence have CCTV and security fob entrances into the building and each individual flat to ensure all students have a safe and secure living environment.

If you were to carry on walking down this road for five minutes, you would reach the Travel Interchange, where National Express buses and trains connect Bournemouth with the rest of the UK. We are approximately two hours from London, three hours from Bristol and five hours by train to Manchester.

If you turn around and head back towards to the Post Office and the main roundabout (Lansdowne Roundabout), the third exit will take you to the seafront (approximately ten minutes walk), the fourth exit off the roundabout will take you down to our famous pier (approximately 15 minutes walk) and the fifth exit will take you into the town centre (approximately 15 minutes walk.)

Bournemouth Beach
