Information

2. Residential Services

The overall responsibility for the management of the University's accommodation rests with the Chief Operating Officer and Director of Student Services. The day-to-day management of the service is delegated to the Head of Residential Services, with operational control vested in the General Manager and Housing Operations Manager.

3. Personal Safety

It is not the responsibility of the University's staff to account for residents and visitors in an emergency except that they are required to ensure that general contingency plans have been made and communicated. Residents should ensure they understand and observe all contingency plans supplied by the University and seek clarification if they are unsure.

4 Disciplinary Code (Residential Services)

- 4.1 Where a student is in breach of their obligations outlined in their Licence agreement or has failed to comply with the rules as set out in this document, the University may (where appropriate) refer the matter to the relevant authorities and/or begin legal proceedings and/or treat the matter as a University disciplinary issue.
- 4.2 Allegations of a breach of the Licence agreement or rules as set out in the document shall be made to a member of the Residential Services team and an Investigations Officer shall be designated to investigate the allegation and endeavour to establish the facts.

- 4.3 If in the reasonable opinion of the Investigations Officer the allegation is substantiated but not serious, then the Investigations Officer can give the student(s) their first (green) written warning, which can be recorded on the student's file for the remainder of their Licence period.
- 4.4 If in the reasonable opinion of the Investigations Officer the allegation is substantiated and serious, then the Investigations Officer can give the student(s) their second (amber) written warning, which may be recorded on the student(s) file for up to 12 months. (Note, depending on the seriousness of the breach a second (amber) written warning can be issued without a first (green) written warning having been issued).
- 4.5 A student may appeal against the decision of the Investigations Officer by writing to the Residential Services Manager within five working days of being notified of the decision. The appeal will not be treated as a re-hearing, but will be heard on the basis of a review of the original decision. The Residential Services Manager has the power to reverse the decision of the Investigations Officer, reduce the penalty made by the Investigations Officer, or uphold their decision. The Residential Services Manager's decision is then final.
- 4.6 However, if, in the reasonable opinion of the Investigations Officer, an allegation is very serious and if, after investigation, the Investigations Officer reasonably considers that there is a case to answer, the student will be required to attend a disciplinary hearing at a specified date, time and place to further explore the allegations that have been made against them.
- 4.7 The student shall have at least 48 hours' notice of the proposed disciplinary hearing, and shall be entitled to bring a friend or representative and, if reasonably required, an interpreter to the hearing. If the student arranges to bring a third party to the meeting then they shall give the Investigations Officer reasonable prior notice of this intention detailing the full name and status/position of the third party.
- 4.8 The disciplinary hearing will be conducted by a panel selected by the University's Residential Services team.

During the hearing the allegation(s) made against the student will be explained and the student provided with an opportunity to respond. Following this, if the allegation(s) is found not to be substantiated, no further action will be taken against the student.

If the allegation is found to be substantiated, the disciplinary panel has the power to take one or more of the following actions:

- (a) Issue a first (green) written warning, to be recorded on the student's file for the remainder of their Licence period - unless already issued to the student for previous breaches then refer to (b) to (g) below
- (b) Issue a second (amber) written warning, to be recorded on the student's file for 12 months - unless already issued to the student for previous breaches then refer to (c) to (g) below
- (c) Issue a third and final (red) written warning to be recorded permanently on the student's file - unless already issued to the student for previous breaches then refer to (d) to (g) below
- (d) A requirement for the student to sign a written undertaking to agree their future conduct and meet regularly with a member of Residential Services personnel to review their behaviour

- (e) An order that the student apologises in person and/or in writing to affected parties (where relevant) and/or pays for loss or damage which they have caused
 - (f) An order that the student's Licence agreement is terminated (subject to due process of law and the requirements of the Protection from Eviction Act 1977)
 - (g) Escalated the case to the Head of Student Services for consideration under the Bournemouth University Disciplinary procedure (details of which can be found at: <http://studentportal.bournemouth.ac.uk/help/rules-regulations/>)
- 4.9 The University's Residential Service's department will provide written confirmation of any decision within 3 working days of the disciplinary hearing.
- 4.10 Notes from the disciplinary panel hearing meeting are available upon written request. Requests must be submitted within 3 working days of the date of the meeting and should be sent to accommodation@bournemouth.ac.uk
- 4.11 Student may appeal against the decision of the disciplinary panel by writing to the Head of Residential Services or, in the case that the Head of Residential Services sat on the disciplinary panel, the Director of Student Services within 3 working days of being notified of the decision. The appeal will not be treated as a re-hearing, but will be heard on the basis of a review of the original decision. The Head of Residential Services or Head of Student Services has the power to reverse the decision of the disciplinary panel, reduce the penalty, or uphold their decision. This decision is then final.
- 4.12 Although not covered under this code, if, within a non-BU managed student accommodation property, following investigation(s) it is agreed that a Bournemouth University student has been involved in behaviour that could be in breach of the University's rules & regulations related to conduct & welfare (details of which can be found at: <http://studentportal.bournemouth.ac.uk/help/rules-regulations/>) then the Residential Services Investigations Officer can either:
- (a) Issue a third and final (red) written warning to be recorded permanently on the student's accommodation file
 - (b) Escalate the case to the Director of Student Services for consideration under the Bournemouth University Disciplinary procedure (details of which can be found at: <http://studentportal.bournemouth.ac.uk/help/rules-regulations/>)

5. Arrears

- 5.1 It is the student's responsibility to ensure they meet their financial responsibilities as defined within their Licence agreement. Failure to do so could result in legal action being taken by the University against the relevant student to retrieve any outstanding monies. If a student is experiencing financial difficulties then they should make contact with the Residential Services Team to let them know as well as AskBUand/or SUBU Advice for guidance

- 5.2 The process Residential Services will follow for unpaid fees is as follows:

2 days after amount is due: Send an email reminder to the student confirming that an amount is overdue and that it should be paid immediately to avoid interest being added to the sum and further action being taken

1 week after amount is due: Email student to inform them that interest at 3% above base rate will be added to their account if payment is not received within 14 days of the payment due date. Residential Services team will commence phoning the student to try and discuss when the outstanding payment can be made.

2 weeks after amount is due: Email and post final notice giving 1 final week to pay the outstanding amount in full. Confirm that interest at 3% above the Bank of England base rate will be added to the student's account and the daily figure will be set out. Residential Services team will continue to phone the student to try and discuss when the outstanding payment can be made.

3 weeks after amount is due: If there is still no response from the student and the amount remains unpaid in full then Residential Services may email, post and hand deliver a Notice to Quit giving the student 28 days' notice to vacate the accommodation. The debt will also be passed to the University's central Finance Team who will then continue to claim the outstanding fees and interest from the student, including the use of external debt collection agencies

6. Room withdrawal

Students wishing to withdraw from their accommodation should refer to their Licence agreement, 2. Legally Binding Contract, (b), (c) and (d) for details on how to do this.

7. Room transfer

7.1 Transfers to other rooms, flats or halls will not be considered for the first four weeks of the student's contract period.

7.2 If a student is in arrears then a transfer request will not be considered.

7.3 If a resident feels they have a genuine need to move, the transfer policy and process is as follows:

An application form can be downloaded from our [Useful Information](#) webpage or can be obtained in person from the Residential Services offices in the Executive Business Centre. This form should be completed detailing the reason(s) for wanting to transfer. This application will be reviewed and a further interview with a member of the Residential Services Team might be required to clarify these reasons or establish/request further details to support the transfer request. Any decision to transfer is at the sole discretion of the Residential Service Managers whose decision will be final. Subject to availability, if a student's transfer application is accepted then the Residential Services Team will contact the student directly to arrange the transfer. The University may charge the student for its reasonable costs in dealing with the student's request up to a maximum sum of £50. If the student's transfer is not accepted then the Residential Services Team will not normally inform the student. Applications for transfers are only valid for two weeks and the student will need to renew their application after this time has elapsed. The responsibility to renew the application sits solely with the student. The Residential Services Team will not send out a reminder after the two week period has elapsed.

8 Complaints (Local Stage)

Residential Services is responsive to the needs of users of students and welcomes comments and complaints as a means of improving services. We won't necessarily be able to change the things in the way that you would like or always meet your needs but we will always be able to give you an explanation of why we do what we do. Residential Services will always be professional and courteous in dealing with complaints and we will try to be as quick as we can in responding to you.

Stage one

If you have a complaint, in the first instance please discuss this with a member of the team at your accommodation or in the Residential Services office, who will work with you to try and resolve the matter. In this instance this can be either verbal (but polite) or written and should be within 7 days of the instance. Hopefully, we can wrap things up satisfactorily at this stage, but if you are still not satisfied then we can escalate matters to stage two.

- Student Village: email StudentVillageTeam@bournemouth.ac.uk or call 01202 961012
- Dorchester House: email dorchesterhouse@prodigy-living.co.uk or call 01202 941020
- Residential Services: email accommodation@bournemouth.ac.uk or call 01202 969696

Stage two

If you are unhappy about a response you have received at Stage 1 and feel that your complaint warrants further investigation, or the complaint is actually about a member of your accommodation team, then you must submit this in writing to one of our managers. Your letter should contain a clear statement of your concerns, highlighting what has been done to help you up to now, including any supporting documentation, and should also explain how you think your complaint could be best resolved.

When you are ready to send your written complaint please send this on to a member of the team who has managerial responsibility for the area of service that you are complaining about. You must submit this in writing to one of our managers within 10 days of the date of the stage 1 response.

Depending upon the subject of your complaint, you should send your email to accommodation@bournemouth.ac.uk and for the attention of one of the following:

- Glenda Brown – Housing Operations Manager (Student Village or Dorchester House)
- Stuart Smith – General Manager (Unilet or LettingsBU service)
- Naomi Crabb – Bookings & Administration Officer (Central bookings and rent collection)

Once we receive your complaint we will confirm receipt in writing back to you. If we are unable to respond to the actual issues you have identified at this stage we may request further information from you in order to conduct our investigations. We then aim to investigate and respond to you with you within twenty working days with our response, decision and proposed course of action. However, if we require further time after this we will write to keep you updated on progress and the reasons for delay.

Stage three

If you feel that the complaint has not been resolved by the above managers, or if your complaint is about them, then you can contact Robin Walsh, Head of Residential Services walshr@bournemouth.ac.uk. Your complaint must be in writing (as above) within 10 days of the stage 2 response. Robin will then aim to investigate and respond to you with you within seven working days with a response, decision and proposed course of action. However, if he requires further time after this he will write to keep you updated on progress and the reasons for delay.

Stage four (Central Review Stage)

The stages **One** to **Three**, as outlined above, constitute the **Local Stage** of Bournemouth University's Complaints Process and should be exhausted prior to escalating your complaint to the **Central Review Stage**. Further details on the Central Review Stage and how to escalate your complaint can be found on the [Important Information page](#) under the Complaints section.

10. Damage, Replacement and Cleaning Costs

Unfortunately, things can and do get broken, and although we won't charge you, if it really was an accident, sometimes we may have to pass on a cost for damage, replacements or additional cleaning.

The reason we have sent this to you now is that we believe that honesty is the best policy and we like to be as up front as we can about these costs from the start so that there are no nasty surprises further down the line. As per your Licence and Rules & Information documents, when you sign and accept your offer of accommodation you also accept these cost implications.

Please do keep this information for reference, although we do hope that you never need to use it.
