

Sustainable Futures International Summer School 29 July–10 August 2020

This two-week summer school offers students the exciting opportunity to expand their knowledge about the latest environmental, social and sustainability issues while studying in one of the most beautiful parts of the UK.

The course is suited to students looking for careers in sustainability and policy making. It is also ideal for students who are passionate about the planet and want to learn how individuals, corporations and governments can adopt more responsible practices to ensure a better future for us all.

SUSTAINABLE DEVELOPMENT GOALS
