

## Students and Alumni

“I wanted to study at a university with an excellent reputation and ranking, with academic staff who are educated to the highest level and engaging in great research. BU ticked those boxes for me. Whilst studying I also had the opportunity to work as a research assistant for my lecturer and volunteer with the NHS as an assistant psychologist.”

Talya Disagciyan (Turkey)  
MSc Foundations of Clinical Psychology  
Executive Dean's Scholarship recipient

“During my research, Bournemouth University stood out to me as having a good reputation in law, particularly in taxation law. I was accepted onto the LLM International Commercial Law course, which turned out to be a great choice. The classes were practical and expanded my thinking and understanding. I now find that I am more up to date on the latest practices than many of my colleagues. As well as the educational aspects, the university provided good social facilities and its location, on the south coast, made it a beautiful place to be.”

Ilgin Muftuoglo (Turkey)  
International Commercial Law Graduate
